

KodyPay

Payments without the fuss

Commercial benefits

Increase order value. Reduce transaction fees and admin costs.
60% saving on transaction fees.

Time saving

Save time for staff and customers.
Increase customer satisfaction.
Save 15 mins per order.

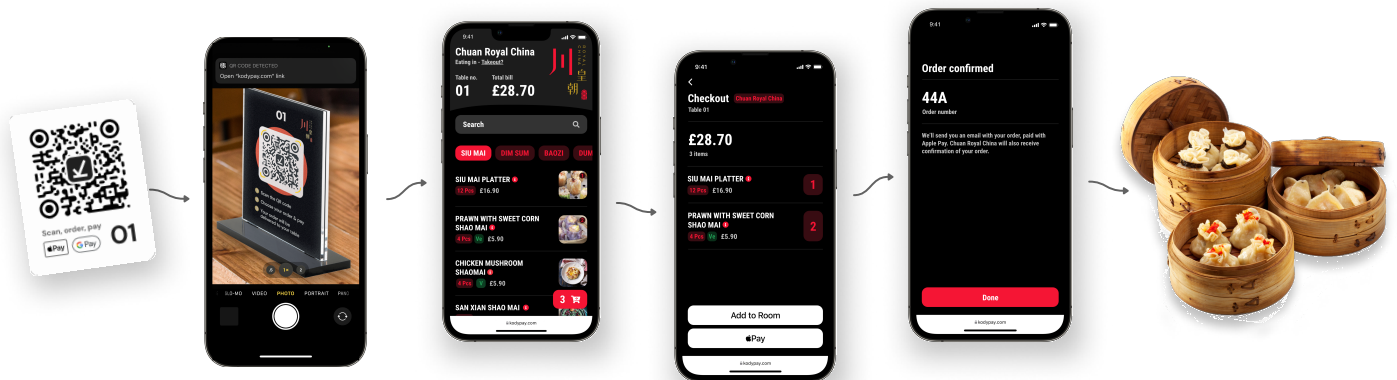

Data access

Integrate ordering and payment platforms to gather valuable customer data.

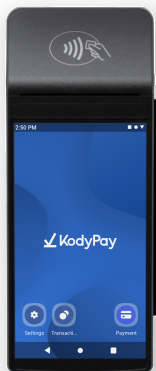

Online ordering and payments

Give customers the ability to order and pay online directly from their table, the counter or the bar (in less than a minute) without needing to download an app.

SEAMLESS INTEGRATION

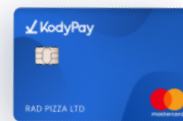

KodyPay is designed to complement **your existing system** with a variety of additional features.

Card payments

Save up to 60% on transaction costs with our printer-equipped terminals.
Any additional payment methods on request.

Fully-integrated proprietary technology with access to real-time financial data via KodyPay App.

KodyCard

Optimise procurement and increase net profits through transaction fee rebates.
Increase employee retention with KodyPay by giving employees access to earnings before payroll.

Whitelabelling

Fully customise KodyOrder and terminals with your own branding.

Integration

Handle all KodyPay orders including card payments directly from the KodyPay App.

Printers

Splitting printing to separate tickets for kitchen or bar when using our printers.
